VOTED PHYSICAL PLANT & EQUIPMENT LEVY (PPEL)

On Tuesday, February 6, 2018, voters will be asked to decide whether to approve a Physical Plant & Equipment Levy (PPEL) of not to exceed \$0.67/\$1,000 of assessed property value (blended with an income surtax) to begin on 7/1/2018 for the North Kossuth Community School District.

WHAT IS PPEL?

PPEL is a voter-approved levy that is specifically designated by the state for school district expenditures including energy conservation, building repairs / renovations, buses and other school vehicles, technology (over \$500) and equipment.

WILL THE PASSAGE OF THIS LEVY INCREASE MY TAXES?

North Kossuth CSD residents would have a projected increase of up to \$0.67/\$1,000 on their property taxes.

<u>Property Tax</u>	<u>Value</u>	<u>Annual Tax Increase</u>
Residential	\$100,000	\$33.12
Commercial	\$100,000	\$60.24
Agricultural	80 acres	\$51.60

HOW MUCH DOES THE LEVY GENERATE AND FOR HOW LONG?

The maximum levy length is 10 years. The 2018-2019 revenue projection is \$160,000.

WHAT ARE SOME NKCSO POTENTIAL FUNDING EXPENDITURES?

Technology (computers, tablets), continued tuck pointing and roof repair, water drainage (fix/locate lower floor flooding) Americans With Disabilities Act compliance updates, transportation fleet rotation, furnishings/remodel of classrooms and hallways, and boiler/HVAC updates.

WHY NOW?

- Important revenue to NKCSO based on forecasts using current state supplemental aid distributions and student enrollment.
- Protects general fund (salaries, textbooks, and educational programs).
- Recent legislative changes in allowable expenditures in PPEL.
- More than 75% of the school districts in Iowa have a Voted PPEL in place.
