ROLE OF SCHOOL DISTRICT ADMINISTRATION

In this series of the board policy manual, the board defines the role and the employment of school district administrators. Policies in the 400 Series, "Employees," also apply to administrators unless a more specific policy exists in the 300 Series, "Administration."

School district administrators have been given a great opportunity and responsibility to manage the school district, to provide educational leadership, and to implement the educational philosophy of the school district. They are responsible for the day-to-day operations of the school district. In carrying out these operations, the administrators are guided by board policies, the law, the needs of the students, and the wishes of the citizens in the school district community.

It shall be the responsibility of the administrators to implement and enforce the policies of the board, to oversee employees, to monitor educational issues confronting the school district, and to inform the board about school district operations.

While the board holds the superintendent ultimately responsible for these duties, the principal(s) are more directly responsible for educational results, for the administration of the school facilities and for the employees.

The board and the administration shall work together to share information and decisions under the management team concept.

Those board members or administrators with special expertise or knowledge of an issue may be called upon to provide information. Each board member and administrator shall support the decisions reached on the issues confronting the school district.

The board shall be responsible for making the final decision in matters pertaining to the school district.

It shall be the responsibility of the superintendent to develop guidelines for cooperative decision-making.

In employing a superintendent, the board will consider the qualifications, credentials and records of the applicants without regard to race, color, religion, sex, national origin, age, sexual orientation, gender identity or disability. In keeping with the law, however, the board will consider the veteran status of the applicants. The board will look closely at the training, experience, skill and demonstrated competence of qualified applicants in making its final decision.

In choosing a superintendent, the board will also consider the school district's educational philosophy, financial situation, organizational structure, education programs, and other factors deemed relevant by the board.

SUPERINTENDENT EVALUATION

The board will conduct an ongoing evaluation of the superintendent's skills, abilities, and competence. At a minimum, the board will formally evaluate the superintendent on an annual basis. The goal of the superintendent's formal evaluation is to ensure the education program for the students is carried out, promote growth in effective administrative leadership, clarify the superintendent's role, clarify the immediate priorities of the board, and develop a working relationship between the board and the superintendent.

- The evaluation criteria shall be in writing, clearly stated and mutually agreed upon by the board and the superintendent. The criteria will be related to the job description and the school district's goals;
- At a minimum, the evaluation process will be conducted annually at a time agreed upon;
- Each board member shall have an opportunity to individually evaluate the superintendent, and these individual evaluations will be compiled into an overall evaluation by the entire board;
- The superintendent shall discuss the progress of the district and superintendent's expectation list prior to discussing the board's evaluation, and the board as a whole shall discuss its evaluation with the superintendent;

- The individual evaluation by each board member, if individual board members so desire, will not be reviewed by the superintendent. Board members are encouraged to communicate their criticisms and concerns to the superintendent in the closed session. The board president will develop a written summary of the individual evaluations, including both the strengths and the weaknesses of the superintendent, and place it in the superintendent's personnel file to be incorporated into the next cycle of evaluations.
