

# NU Swea City Campus Covid-19 On-Site Planning Overview

(If and when plans change, our families will be notified right away)

## Before and After School

- Students will arrive at school and go to their classrooms, unless they plan to eat breakfast in the lunchroom. Students will sanitize their hands as they enter and exit cafeteria/classrooms. All classrooms will be equipped with plenty of hand sanitizer for our students.
- There will be NO before school gym time.
- Students waiting after school for route buses will remain in their classrooms until the bus arrives.

## Classrooms

- All students will sit in their own individual desk/table spot and will use their own supplies (no sharing of supplies).
- All students will be facing the same direction and spread as far apart within their classroom as possible.
- Extra furniture has been removed from the classrooms to help distance students as much as possible.
- Classrooms will be cleaned and sanitized more frequently throughout the school day.
- In addition to extra cleaning, all teachers will be equipped with hand sanitizer and disinfecting wipes and/or spray to use as they see fit in their rooms.
- Music, PE, and Library will be held in their usual locations. PE will be held outdoors as often as possible. Art and Guidance instruction will be delivered in a location based on the number of students in the class.
- Special Education and other support services will be delivered in the Special Education or other classrooms settings with extra precautions and mitigation strategies in place to keep all students safe including a limited number of students at one time, extra sanitizing, and social distancing.
- Middle School: Dismissal from classes will be staggered to control the amount of kids in the hallways. Students are also allowed to take their backpacks to class to reduce the number of kids at their lockers.

## Bathrooms

- Extra cleaning and sanitizing will take place in all bathrooms throughout the school day.
- When classes take restroom breaks, only one class at a time may use a set of restrooms, our school has 3 sets of restrooms. This includes washing up for lunch.
- All water fountains have been shut off with the exception of the water bottle filling stations. We encourage students to bring a water bottle to school this year.

## Buses

- Extra disinfecting will take place on all district buses this year.
- Students whose families plan to have them ride the bus will have assigned seats with grade alike class members or family members.
- Face masks are **highly recommended** due to it being difficult to implement social distancing on buses.
- See more specific transportation guidelines released by our transportation department.

## Cafeteria

- Students will be seated as far away as possible from each other.
- Students will be sanitizing as they enter and exit.
- Students will be spread out as they wait in line.
- Plexiglass will be on the lunchroom tables

## Breakfast and Lunch

- Students will eat breakfast and lunch in the cafeteria.
- Students will practice social distancing.
- More lunch periods have been added.

## Recess-Elementary

- All students will continue to have regularly scheduled recess breaks as in years past.
- There will be several designated recess areas outdoors for our kids this year.
- Each class will remain together during their recess breaks and will play in their designated area for that day.
- There will be no intermixing of classes or sharing of play equipment during the school day.

### **Field Trips and Visitors**

- All field trips have been suspended until further notice for the health and safety of our students and staff.
- Visitors will not be permitted into our building during the school day unless a previously scheduled appointment has been made with school personnel, please call the office to pick up a child or to drop something off for a student and someone will assist you. Thank you for your understanding.

### **Lockers/Backpacks**

- Each student will be provided a locker.
- MS students will be allowed to carry their backpacks to classes to minimize the amount of time at lockers.
-
